## Super-Ultimate Technical Standards

Effective September 2010

Starting in 2007, Ultimate Club members and I (Paul Arneberg) played around with the idea of creating "Super-Ultimate Standards" to encourage current Ultimates to continue reaching for high goals even though they've already achieved the club's *entrance* standards. At a minimum, these "Super-Ultimate Standards" are 500% (five times) the amount of the technical entrance standards for Ultimate Club. However, certain Super Ultimate Standards (i.e., five clubs and club balance) are 1000% (or more) greater than the current Ultimate Club Standards due to the average member's skills. Also, some Super-Ultimate Standards represent new categories not even found among the current Ultimate Club Standards. These include 8 Balls; 9- 12 Ball Passing; 10 ball bounce passing; 5 Ball Force Bounce; 7 Ball Drop Bounce; 7 Rings; 8 Rings; 8-10 Ring Passing; 8 Club Back-to-Back Passing; 6 Clubs; 7-8 Ultimate Club Passing; 9-10 Club Passing. While this list is primarily for goal-setting all Ultimate Club Jugheads with at least one year of experience should strive to achieve 25% of the Super Ultimate Standards (11/45) by the end of their 2<sup>nd</sup> year in the club.
